

KIANO Elegance

KIANO ELEGANCE

Brief Introduction

Beta 2.5

Der Standard ? The KIANO Portable Elegance LED LCD projector has 400 ANSI lumens, a contrast ratio of 1500:1 and an HDTV resolution of 1920 x 1080. Thanks to the LEDs, the service life is 30,000 hours, which would equate to over 20.5 years based on four hours viewing per day. As the projector features horizontal and vertical keystone correction, it can be positioned with plenty of space around it. An image width of up to 163 cm is possible, given the projector's 400 ANSI lumens. However, if there is ambient light in the room, the image should be no wider than 109 cm. The projector supports AirPlay and Miracast screen mirroring, which allows high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. Furthermore, the Bluetooth capability is a useful addition to the projector, particularly for wireless audio transmission. The model is also compatible with Full HD 1080p. With an operating noise level of just 25 decibels, the model is very quiet compared to others.
