## V600/V600 Zoom Digital Projectors

Now even  
brighter  
1000 ANSI  
Lumens

**NOW** you can  
**AFFORD**  
an amazingly **BRIGHT**  
digital projector ...  
with Kodak **QUALITY.**

The KODAK V600 Digital Projectors are ideal for the value conscious office or classroom. Both deliver excellent bright images, are incredibly easy to use and are remarkably reliable, all at a breakthrough affordable price.

### ✓ Affordable

Perhaps you've thought that you could never have your own digital projector – wrong! Both digital projectors set new standards in feature-rich products at very affordable prices. Take control over your presentations – no need to beg or borrow – you'll wonder how you ever managed without one.

### ✓ Performance – Brilliant & Cool

Enter a classroom, a boardroom, a conference room or almost any other room and present with confidence. Both digital projectors allow for amazingly bright images in most rooms and lighting conditions. The V600 and V600 Zoom run ultra-cool. They won't burn your hands and there is no need to wait for them to cool down before you pack them away.

### ✓ Kodak Quality and Reliability

Kodak delivers quality digital projectors that combine essential features, quality construction and reliability to deliver your message with ease and confidence ... without compromise. This SVGA projector performs like an XGA projector – setting new standards in XGA compression.

### ✓ Incredibly Easy to Use

You should be thinking about the presentation you're about to give, not whether your projector will work. No need to worry about confusing cables – just plug in, switch on and present with our user-friendly menu. As we say at Kodak, "You push the button, we do the rest."

### ✓ Exclusive! KODAK Image Manager

For outstanding image quality and the best possible results, Kodak's Image Manager provides easy-to-use settings that enhance the colour, brightness and contrast of your images. With the touch of a button, you set the projector to best match your presentation for high quality graphics, crisp spreadsheets, rich colour charts and striking pictures every time.
