The Luma 75 LED DLP game portable has 30 Ansi lumens, a contrast of 1300:1 and a VGA 640 x 360 resolution. The lifespan of the LEDs is 30000 hours, which is equivalent to over 20.5 years at 4 hours per day. Thanks to the built-in 2500 mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. Even 1080P playback is no problem for the projector. At just 30 decibels, the device is one of the quieter projectors.
