### Operating Noise

The Kodak V600 LCD projector has 1000 Ansi lumens, a contrast of 200:1 and an SVGA 800 x 600 resolution. The manufacturer Kodak specifies a lamp life of 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. A picture width of up to 275 cm is possible. However, the picture should be smaller in room light. We recommend max. 183 cm. The model is no longer offered by Kodak. It should also be noted that there are unfortunately no more replacement lamps available for the projector, neither originals nor replicas.
