

Kovela P62

KOVELA P62

The P62 LED LCD has 800 ANSI lumens, a contrast ratio of 20000:1, and HDTV 1920 x 1080 resolution. Thanks to its LEDs, the projector has a specified light life of 30,000 hours, which equates to over 20.5 years of enjoyment at four hours per day. The horizontal and vertical keystone correction allows the projector to be set up very freely. The projector can illuminate up to 246 cm of image width thanks to its 800 ANSI lumens. However, in room lighting, the image width should ideally be less than 164 cm. The projector has Chromecast, Airplay, and screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. Another extra feature worth mentioning is that the projector can be connected to external wireless speakers via Bluetooth. The model is also Full HD 1080P compatible.
