

LG HF60LSR

EAN/UPC:719192625822

LG HF60LSR

The LG model HF60LSR is a DLP LED projector with HDTV 1920 x 1080 resolution and a contrast of 150000:1. The service life is 30000 hours due to the LEDs, which is over 20.5 years with a daily viewing time of 4 hours. Including an integrated media player with which files can be played directly. 380 cm image width, the projector will be able to illuminate well. However, if room lighting is available, the image width should ideally not exceed 253 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. Playing 1080P and 3D is also no problem for the projector.

DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Brief Introduction

Beta 2.5
