

# LG HF65LSR

LG HF65LSR

## Brief Introduction

Beta 2.5

The LG HF65LSR LED DLP projector has 1000 Ansi lumens, a contrast of 150000:1 and an HDTV 1920 x 1080 resolution. Manufacturer LG specifies a service life of 30000 hours, which is equivalent to over 20.5 years at 4 hours per day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The projector can illuminate a picture width of up to 321 cm thanks to its 1000 Ansi lumens. In room lighting, however, the picture width should ideally be less than 214 cm. 1080P playback is also no problem for the projector. It was launched in 2020 and is no longer offered by the manufacturer LG.

1 x 0,47 " DLP Chip  
HDTV 16/9 Ti Digital Light Processing Chip

## Display Type

Ansi-Lumen

1000

Contrast

150000:1

Black Level
