

LG PA1000T

LG PA1000T

Brief Introduction

Beta 2.5

The PA1000T LED DLP projector from LG has 1000 Ansi lumens, a contrast of 100000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The projector can illuminate a picture width of up to 321 cm thanks to its 1000 Ansi lumens. In room lighting, however, the picture width should ideally be less than 214 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. 1080P playback is also no problem for the projector. On the market since 2014, the model is no longer offered by the manufacturer LG.

Display Type

1 x 0,45" DLP Chip

WXGA 16/10 Ti Digital Light Processing Chip

Ansi-Lumen

Projector 1000

Screen 400 Lux (bei 200 cm Screen)
