

# LG PV150G

LG PV150G

The game portable PV150G LED DLP projector from LG has 100 Ansi lumens, a contrast of 100000:1 and a WVGA 854 x 480 resolution. The manufacturer LG specifies a service life of 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The integrated media player can play files directly. 100 Ansi lumens ensure that a picture width of 102 cm is also possible. However, if room light is available, the picture should be max. 68 cm wide. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. Even 1080P video signals are no problem for the projector.

## Brief Introduction

Beta 2.5

## Display Type

1 x DLP Chip  
WVGA 16/9 Ti Digital Light Processing Chip

## Ansi-Lumen

Projector 100 Screen 44 Lux (bei 200 cm Screen)

## Contrast

Projector 100000:1 full on/off Screen 100000:1 full on/off

## Black Level
