

LG RD JT90

LG RD JT90

Brief Introduction

Beta 2.5

With the RD JT90, manufacturer LG offers a standard portable DLP projector with XGA 1024 x 768 resolution and a contrast of 2500:1. An image width of up to 408 cm is possible. However, the picture should be smaller in room light. We recommend max. 272 cm. With only 30 decibels of operating noise, the model is very quiet compared to others. On the market since 2005, the model is no longer offered by the manufacturer LG.
