

# LQWELL HY320

LQWELL HY320

With the HY320, manufacturer LQWELL offers an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 1500:1. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. Including an integrated media player with which files can be played directly. 300 Ansi lumens ensure that a picture width of 176 cm is also possible. However, if room light is available, the picture should be a maximum of 117 cm wide. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080P and 4K (compressed) without any problems. The operating noise of just 25 decibels makes the projection quiet.

1 x LCD TFT Panel
