

Magcubic HY320

MAGCUBIC HY320

Top

The HY320 LED LCD projector from Magcubic has 390 Ansi lumens, a contrast of 1500:1 and an HDTV 1280 x 720 resolution. The lifespan of the LEDs is 30000 hours, which is over 20.5 years if enjoyed for four hours a day. Includes an integrated media player for direct playback of files. An image width of up to 201 cm is possible as the projector has 390 Ansi lumens.

However, if room light is available, the picture should be a maximum of 134 cm wide. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. The model is also Full HD 1080P and 4K (compressed) compatible. The operating noise of just 25 decibels makes the projection quiet.
