MARANTZ VP 4001

A brief introduction to the Marantz VP 4001. The DLP projector has a WXGA 1280 x 768 resolution and a contrast of 6500:1. The horizontal and vertical keystone correction provides room for maneuver when setting up. The projector can illuminate a picture width of up to 352 cm well thanks to the 1200 Ansi lumens. In room light, however, the picture width should ideally be less than 235 cm. The projector was launched in 2006 and is no longer sold by the manufacturer.
