The Maxell MP-JW4001 laser LCD projector has 4000 Ansi lumens, a contrast of 2000000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies a laser service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. 4000 Ansi lumens ensure that a picture width of 643 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. It is also Full HD 1080P compatible. On the market since 2020, the model is no longer offered by the manufacturer Maxell.
