

Megapower ML-T9

MEGAPOWER ML-T9

The Megapower ML-T9 model is a DLP LED projector with WXGA 1280 x 800 resolution and a contrast of 1000:1. The manufacturer specifies an LED service life of 30,000 hours, which equates to over 20.5 years with a daily viewing time of 4 hours. A picture width of up to 227 cm is possible. However, the picture should be smaller in room light. We recommend max. 151 cm. Thanks to the built-in 2600 mA/h battery, no power supply is required, allowing the projector to be set up quickly and flexibly. Even 1080P playback is no problem for the projector.

1 x 0,45" DLP Chip
WXGA 16/10 Ti Digital Light Processing Chip

Projector	500	Screen	200 Lux (bei 200 cm Screen)
Contrast	1000:1		1000:1
