

MENIOO M5

MENIOO M5

The MENIOO M5 Micro-Portable LED LCD Projector has 200 ANSI lumens, a contrast ratio of 10000:1, and HDTV 1920 x 1080 resolution. Manufacturer MENIOO specifies a service life of 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. Since the projector has horizontal and vertical keystone correction, it can be set up with plenty of space in the room. An image width of up to 144 cm is possible. However, the image should be smaller in room lighting. We recommend a maximum of 96 cm. The projector has Airplay and Miracast screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. It is also compatible with Full HD 1080P and 4K (compressed).
