

Merlin Digital PocketBeam Cube 2

The game portable Merlin Digital PocketBeam Cube 2 projector has 261 Ansi lumens, a contrast of 1000:1 and a WVGA 854 x 480 resolution. As Merlin Digital specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. An image width of up to 164 cm is possible. In room light, however, the image should be smaller. We recommend max. 109 cm. Thanks to the built-in 2 h 5000 mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. The model is also Full HD 1080P compatible. This model is no longer offered by Merlin Digital.

Brief Introduction

Beta 2.5

Display Type

LED Panel
WVGA 16/9

Ansi-Lumen

261 / 300 Lumen

Contrast

1000:1
