

miroir HD MP150A

M I R O I R H D M P 1 5 0 A

With the HD MP150A, manufacturer miroir offers a game-portable DLP LED projector with HDTV 1280 x 720 resolution and a contrast of 400:1. The manufacturer miroir specifies a service life of 20000 hours, which converts to over 13.7 years at 4 hours per day. The projector can illuminate a picture width of up to 144 cm well thanks to the 200 Ansi lumens. In room light, however, the picture width should ideally be less than 96 cm. Thanks to the built-in 6000 mAh Li-polymer battery, no power supply is required, allowing the projector to be set up quickly and flexibly. The model is also Full HD 1080P compatible. It was launched in 2015 and is no longer offered by the manufacturer miroir, but is still very popular in our projector database.
