

Mitsubishi FD630U/G

MITSUBISHI FD630U/G

Brief Introduction

Beta 2.5

A brief introduction to the FD630U/G: The Mitsubishi 3D BrilliantColor DLP projector offers 4000 Ansi-Lumen, a contrast of 2000:1 and a HDTV 1920 x 1080 resolution. 643 cm picture width, the projector will be able to illuminate well. Rooms with residual light can be created by the projector with a smaller image width, we would recommend a maximum of 429 cm here. Playing 1080P is also no problem for the projector. On the market since 2010, the model is no longer offered by the manufacturer Mitsubishi.
