

Mitsubishi NF32U

MITSUBISHI NF32U

Brief Introduction
Beta 2.5

A brief introduction to the NF32U: The Mitsubishi standard portable laser DLP projector offers 3000 Ansi lumens and an HDTV 1920 x 1080 resolution. Thanks to the laser, the projector is specified with 20000 hours of light life, which is over 13.7 years if enjoyed for four hours a day. A picture width of up to 556 cm is possible. However, the picture should be smaller in room light. We recommend a maximum of 371 cm. Playing 1080P is also no problem for the projector. It was launched in 2013 and is no longer offered by the manufacturer Mitsubishi.
