The large-screen Nec NC1843ML 3D laser DLP projector has 18000 Ansi lumens, a contrast of 2000:1 and an HD2K 2048 x 1080 resolution. The manufacturer Nec specifies a service life of 50,000 hours, which is over 34.2 years with a daily viewing time of 4 hours. Thanks to the brightness of 18000 Ansi lumens, a picture width of 1168 cm is possible. The projector will also cope with slightly brighter rooms with a smaller picture width (we recommend max. 779 cm). In the event that the image is still too small, the projector offers integrated edge blending software, with which several projectors can project a large image together. Furthermore, it is Full HD 1080P and 3D compatible, and even has the option of projecting HD 1080P Blu-rays onto the ceiling using 360° projection.

Features

- Real Full HD 3D
- Full HD 1080P compatible
- Eco Mode
- Kensington Slot
- 360° installable
- 24/7 continuous operation capable
- Edge Blending
- Optional Wi-Fi network compatible.
- Lan network compatible.
- Crestron®-Software compatible.
- HFR 3D support
