

Nec NP905

NEC NP905

With the NP905, manufacturer Nec offers a standard portable LCD projector with XGA 1024 x 768 resolution and a contrast of 500:1. The projector also offers an integrated media player with which files can be played directly. The horizontal and vertical keystone correction provides leeway when setting up. A picture width of up to 477 cm is possible as the projector has 3000 Ansi lumens. However, if there is room light, the picture should be a maximum of 318 cm wide. Playing 1080P is also no problem for the projector. It was launched in 2008 and is no longer offered by the manufacturer Nec.
