

O.B.E C2D

EAN/UPC:B0FLPT4YJH

O.B.E C2D

Brief introduction to the O.B.E C2D. The LCD LED projector has an HDTV resolution of 1920 x 1080 and a contrast ratio of 1500:1. Thanks to the LEDs, the projector has a specified lamp life of 20,000 hours, which equates to over 13.7 years at 4 hours? use per day. The built-in ambient light sensor (Ambient Light Sensor) detects the ambient light in the room and automatically optimises the image. As the projector features horizontal and vertical keystone correction, it can be positioned with plenty of space around it in the room. As O.B.E. specifies the projector?s brightness in lumens, we have calculated an approximate ANSI lumen value in this case. 813 ANSI lumens ensure that an image width of 290 cm is possible. However, if there is ambient light in the room, the image should be no more than 193 cm wide. The model recognises AirPlay and Miracast screen mirroring signals, so it is possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). Furthermore, thanks to its Bluetooth functionality, the projector can be flexibly paired with other speakers. The projector also has no problem handling 1080p and 4K (compressed) video signals. With an operating noise level of just 26 decibels, this model is very quiet compared to others.

Brief Introduction

Beta 2.5

Display Type

1 x TCL CSOT 4,45" LCD Panel
HDTV 16/9 Liquid Crystal Display
