

# Optoma DH1011i

OPTOMA DH1011i

With the DH1011i, manufacturer Optoma offers a standard portable DLP projector with HDTV 1920 x 1080 resolution and a contrast of 18000:1. The lamp life is specified by the manufacturer as 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. A picture width of up to 575 cm is possible. However, the picture should be smaller in room light. We recommend max. 383 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The model is also Full HD 1080P and 3D compatible. It was launched on the market in 2015 and is no longer offered by the manufacturer Optoma.
