

Optoma DS347

OPTOMA DS347

The Optoma DS347 3D DLP projector has 3000 Ansi lumens, a contrast of 20000:1 and an SVGA 800 x 600 resolution. The lamp life is specified by the manufacturer as 5000 hours, which converts to over 6.8 years at 2 hours per day. 3000 Ansi lumens ensure that a picture width of 477 cm is also possible. However, if room light is available, the picture should be max. 318 cm wide. A smartphone with MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. Playing 1080P and 3D is also no problem for the projector. At just 29 decibels, the device is one of the quieter projectors. It was launched in 2019 and is no longer offered by the manufacturer Optoma.
