

Optoma EH335

OPTOMA EH335

The Optoma EH335 3D DLP projector has 3600 Ansi lumens, a contrast of 20000:1 and an HDTV 1920 x 1080 resolution. The lamp life is specified by the manufacturer as 15000 hours, which is over 20.5 years with a daily viewing time of 2 hours. A picture width of up to 610 cm is possible as the projector has 3600 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 407 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. Even 1080P video signals and 3D are no problem for the projector. At just 27 decibels, the device is one of the quieter projectors. The model built in 2017 is no longer offered by Optoma.
