OPTOMA EH336

Brief Introduction

Beta 2.5

The Optoma EH336 3D DLP projector has 3400 Ansi lumens, a contrast of 20000:1 and an HDTV 1920 x 1080 resolution. The lamp has a service life of up to 15000 hours, which is over 20.5 years if enjoyed for two hours a day. 3400 Ansi lumens ensure that a picture width of 592 cm is also possible. However, if room light is available, the picture should be max. 395 cm wide. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. Even 1080P video signals and 3D are no problem for the projector. With an operating noise of just 27 decibels, the model is already very quiet compared to others. It was launched in 2017 and is no longer offered by the manufacturer Optoma.
