

Optoma EW766W

OPTOMA EW766W

The standard portable Optoma EW766W BrilliantColor DLP projector has 4000 Ansi lumens, a contrast of 2500:1 and a WXGA 1280 x 800 resolution. The integrated lens shift gives freedom when positioning the projector. Thanks to the brightness of 4000 Ansi lumens, an image width of 643 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend a maximum of 429 cm). Playing 1080P is also no problem for the projector. At just 30 decibels, the device is one of the quieter projectors. On the market since 2010, the model is no longer offered by the manufacturer Optoma.
