

Optoma EW865

OPTOMA EW865

A brief introduction to the EW865: The Optoma standard portable 3D DLP projector offers 6000 Ansi lumens, a contrast of 4000:1 and a WXGA 1280 x 800 resolution. The built-in lens shift and keystone correction function provides freedom when setting up. An image width of up to 787 cm is possible as the projector has 6000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, max. 525 cm is recommended. Furthermore, the projector can play 1080P without any problems. Even projection onto the ceiling is possible thanks to the 360° projection. The model built in 2012 is no longer offered by Optoma, but is still very popular in our projector database.

 1 x 0,65" DLP Chip
