

Optoma HD80 / HD8000

OPTOMA HD80 / HD8000

The Optoma HD80 / HD8000 BrilliantColor DLP home cinema projector has 1300 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The projector can illuminate a picture width of up to 366 cm thanks to the 1300 Ansi lumens. In room light, however, the image width should ideally be less than 244 cm. Even 1080P video signals are no problem for the projector. This model is no longer offered by Optoma.
