

Optoma HD3300

OPTOMA HD3300

A brief introduction to the HD3300: The Optoma standard portable 3D DLP projector offers 2000 Ansi-Lumen, a contrast of 5000:1 and a HDTV 1920 x 1080 resolution. 454 cm image width, the projector will be able to illuminate well. If room light is available, however, the picture width should ideally not exceed 303 cm. Furthermore, the projector can play 1080P and 3D without any problems. The operating noise of only 30 decibels makes the projection quiet. This model is no longer offered by Optoma.
