

Optoma L1+

OPTOMA L1+

With the L1+, manufacturer Optoma offers a DLP LED projector with UHD (4K2K) 3840 x 2160 resolution and a contrast of 1800000:1. The manufacturer specifies an LED service life of 30,000 hours, which is equivalent to over 20.5 years at 4 hours per day. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide image, the projector only needs to be 50 cm away from the screen. Furthermore, the projector can play 1080P and 4K as well as 3D without any problems, meaning that all currently available Blu-ray formats can be recognized by the projector. At just 28 decibels, the device is one of the quieter projectors.

Brief Introduction Beta 2.5

Display Type

1 x DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Ansi-Lumen

2500 1111 Lux (bei 200 cm Screen)
