

Optoma S313

OPTOMA S313

Brief Introduction

Beta 2.5

A brief introduction to the Optoma S313. The DLP projector has an SVGA 800 x 600 resolution and a contrast of 18000:1. The manufacturer Optoma specifies a lamp life of 6000 hours, which converts to over 8.2 years at 2 hours per day. An image width of up to 523 cm is possible as the projector has 3600 Ansi lumens. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 349 cm. Playing 1080P and 3D is also no problem for the projector. At just 27 decibels, the device is one of the quieter projectors. The projector was launched in 2014 and is no longer sold by the manufacturer.

Display Type

1 x 0,55" DLP Chip
SVGA 4/3 Ti Digital Light Processing Chip
