

Optoma TX782W

OPTOMA TX782W

Brief Introduction

Beta 2.5

A brief introduction to the Optoma TX782W. The standard portable DLP projector has an XGA 1024 x 768 resolution and a contrast of 3000:1. With a brightness of 4700 Ansi lumens, a picture width of 597 cm is possible. The projector will also manage slightly brighter rooms with a smaller image width (we recommend max. 398 cm). Even 1080P video signals are no problem for the projector. It was launched in 2008 and is no longer offered by the manufacturer Optoma.
