

Optoma W300

OPTOMA W300

The Optoma W300 3D DLP projector has 3000 Ansi lumens, a contrast of 13000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies a lamp life of 5000 hours, which is equivalent to over 6.8 years at 2 hours per day. A picture width of up to 556 cm is possible. However, the picture should be smaller in room light. We recommend a maximum of 371 cm. The projector can also play 1080P and 3D without any problems. On the market since 2014, the model is no longer offered by the manufacturer Optoma.

Brief Introduction

Beta 2.5

Display Type

1 x 0,56" DC3 DLP Chip
WXGA 16/10 Ti Digital Light Processing Chip
