

Optoma W319USTire

OPTOMA W319USTIRE

Brief Introduction

Beta 2.5

The Optoma W319USTire is a DLP projector with WXGA 1280 x 800 resolution and a contrast ratio of 18000:1. The manufacturer specifies a lamp life of 10,000 hours, which equates to over 13.7 years at 2 hours per day. The model offers a microphone jack and 16W speakers, so no additional audio equipment is required for presentations or training courses. An image width of up to 601 cm is possible; if the image width is smaller (we recommend max. 401 cm), even rooms with residual light are no problem. The projector offers an interactive whiteboard function for interactive training courses and presentations. Furthermore, the projector can play 1080P and 3D without any problems. The operating noise of only 28 decibels makes the projection quiet.
