OPTOMA W330UST

Brief Introduction Beta 2.5

A brief introduction to the W330UST: The Optoma 3D DLP projector offers 3600 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The lamp life is specified by the manufacturer as 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. This projector has a projection ratio of just 0.27:1. For a 2 m wide image, the projector needs to be just 54 cm away from the screen. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. Playing 1080P and 3D is also no problem for the projector. With an operating noise of just 26 decibels, the model is already very quiet compared to others. It was launched in 2018 and is no longer offered by the manufacturer Optoma, but is still one of the very popular projectors.

Display Type
