

# Optoma X319UST

OPTOMA X319UST

The Optoma X319UST 3D DLP projector has 3200 Ansi lumens, a contrast of 18000:1 and an XGA 1024 x 768 resolution. The lamp in the projector is specified with a lamp life of 10000 hours, which is over 13.7 years if enjoyed for two hours every day. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide image, the projector needs to be just 44 cm away from the screen. As the X319UST is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training courses. Playing 1080P and 3D is also no problem for the projector. The model was built by Optoma in 2016 and is no longer current, but is still very popular in our projector database.

1 x 0,55" DC3 DLP Chip  
XGA 4/3 Ti Digital Light Processing Chip
