

Optoma ZX310STe

OPTOMA ZX310STe

The ZX310STe 3D laser DLP projector from Optoma has 3500 Ansi lumens, a contrast of 100000:1 and an XGA 1024 x 768 resolution. Thanks to the laser technology, the projector has a light life of up to 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. Thanks to the short-throw projection ratio of just 0.62:1, the projector does not stand still in the room. For a 2m wide image, the projector only needs to be 124 cm away from the screen. As the ZX310STe is equipped with a microphone jack plug and 10W speakers, no additional audio system is required for presentations or training sessions. It is also Full HD 1080P and 3D compatible. At just 30 decibels, the device is one of the quieter projectors. On the market since 2018, the model is no longer offered by the manufacturer Optoma.

Brief Introduction

Beta 2.5

Display Type

DLP Chip
XGA 4/3 Ti Digital Light Processing Chip
