

OTHA D13

OTHA D13

The Game-Portabel D13 LED DLP has 200 Ansi lumens and an HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light life of up to 50,000 hours, which is over 34.2 years if enjoyed for four hours a day. 144 cm image width, the projector will be able to illuminate well. However, if room light is available, the image width should ideally not exceed 96 cm. Thanks to the built-in 8000mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. Even 1080P video signals are no problem for the projector.

Brief Introduction

Beta 2.5

Display Type

1 x DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip
