

OTHA X5

OTHA X5

The OTHA X5 standard portable 3D LED DLP projector has 2200 Ansi lumens, a contrast of 20000:1 FOFO and an HDTV 1920 x 1080 resolution. Manufacturer OTHA specifies a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. Includes an integrated media player for direct playback of files. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. 2200 Ansi lumens ensure that a picture width of 477 cm is also possible. However, if room light is available, the picture should be a maximum of 318 cm wide. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. The model is also Full HD 1080P and 4K (compressed) compatible.

1 x 0,47" TI DMD DLP Chip
