

Panasonic PT-LB332

PANASONIC PT-LB332

With the PT-LB332, manufacturer Panasonic offers a standard portable LCD projector with XGA 1024 x 768 resolution and a contrast of 12000:1. The lamp life is up to 10,000 hours, which is equivalent to over 13.7 years at 2 hours per day. The integrated media player can play files directly. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. A picture width of up to 500 cm is possible. However, the image should be smaller in room light. We recommend max. 333 cm. Furthermore, the projector can play 1080P without any problems. It was launched in 2015 and is no longer offered by the manufacturer Panasonic.
