

Panasonic PT D995

PANASONIC PT D995

The Panasonic PT D995 stationary DILA projector has 1000 Ansi lumens, a contrast of 250:1 and an SXGA+ 1365 x 1024 resolution. The projector can illuminate an image width of up to 275 cm well thanks to the 1000 Ansi lumens. In room light, however, the picture width should ideally be less than 183 cm. The model was built by Panasonic in 1998 and is no longer current. It should also be noted that there are unfortunately no longer any replacement lamps available for this projector, neither originals nor replicas.

Brief Introduction

Beta 2.5

Display Type

3 x 0,9" D-ILA Chip

SXGA 4/3 Direct-Drive Image Light Amplification (D-ILA)

Ansi-Lumen

Projector 1000
