

Panasonic PT DZ12000E/U

PANASONIC PT DZ12000E/U

The large-screen PT DZ12000E/U DLP has 12000 Ansi lumens, a contrast of 5000:1 and a WUXGA 1920 x 1200 resolution. With the lens shift function, the projector can be positioned very freely. 12000 Ansi lumens ensure that a picture width of 1113 cm is also possible. Rooms with residual light can be created by the projector with a smaller image width, we recommend a maximum of 742 cm. If the image width is not sufficient, the projector offers integrated edge blending software, which allows several projectors to project a large image together. Even 1080P video signals are no problem for the projector. The projector was launched in 2008 and is no longer sold by the manufacturer.

3 x 0,96" DLP Chip

WUXGA 16/9 Ti Digital Light Processing Chip

Projector	12000	Screen	5333 Lux (bei 200 cm Screen)
Contrast	5000:1 full on/off		5000:1 full on/off
