

Panasonic PT-FX500

PANASONIC PT-FX500

A brief introduction to the PT-FX500: The Panasonic stationary LCD projector offers 5000 Ansi lumens, a contrast of 10000:1 and an XGA 1024 x 768 resolution. The manufacturer specifies a lamp life of 6000 hours, which is over 8.2 years with a daily viewing time of 2 hours. With the lens shift function, the projector can be positioned very freely. Thanks to the brightness of 5000 Ansi lumens, an image width of 616 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend max. 411 cm). The model was built by Panasonic in 2016 and is no longer current.
