Data

A brief introduction to the PT L291E/U: The Panasonic LCD projector offers 300 Ansi lumens and a VGA 640 x 480 resolution. The projector can illuminate images up to 151 cm wide thanks to its 300 Ansi lumens. In room light, however, the image width should ideally be less than 101 cm. This model is no longer offered by Panasonic. Unfortunately, we can no longer offer replacement lamps for this model, neither originals nor replicas.
