

Panasonic PT L6600E/U

PANASONIC PT L6600E/U

The PT L6600E/U LCD has 3600 Ansi-Lumen, a contrast of 400:1 and an SXGA+ 1366 x 1024 resolution. Including a lens shift function, which provides freedom during installation. 3600 Ansi lumens ensure that a picture width of 523 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 349 cm. The projector was launched in 2001 and is no longer sold by the manufacturer. It should also be noted that there are unfortunately no longer any replacement lamps available for the projector, neither originals nor replicas.
