

Panasonic PT-LB385 /E/U

PANASONIC PT-LB385 /E/U

Brief Introduction

Beta 2.5

A brief introduction to the PT-LB385 /E/U: The Panasonic LCD projector offers 3800 Ansi-Lumen, a contrast of 16000:1 and an XGA 1024 x 768 resolution. The lamp life is up to 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 537 cm is possible, if the image width is smaller (we recommend max. 358 cm), rooms with residual light are also no problem. The projector can also play 1080P without any problems. The model built in 2018 is no longer offered by Panasonic.
