

PANSEBA HI-04

PANSEBA HI-04

Manufacturer PANSEBA offers the HI-04, a short-throw LCD LED projector with HDTV 1280 x 720 resolution and a contrast of 5000:1. The LEDs give the projector a light lifespan of up to 50,000 hours, which is over 34.2 years at four hours a day. It includes an integrated media player that can be used to play files directly. The projector can be set up very freely thanks to the horizontal and vertical keystone correction. Since the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Even 1080P video signals are no problem for the projector.

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Projector: 450 / 7500 Lumen
Screen: 200 Lux (200 cm Screen width)
5000:1 full on/off
