

Phigeek Mini Projector

PHIGEERK MINI PROJECTOR

Brief Introduction

Beta 2.5

The Mini Projector LED LCD has 200 ANSI lumens, a contrast ratio of 10000:1, and an HDTV 1920 x 720 resolution. Thanks to its LEDs, the projector has a specified light life of 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. The projector is equipped with an integrated media player, so playing files directly will not be a problem. The projector can illuminate a 144 cm image width well. However, if there is room lighting, the image width should not exceed 96 cm. The model recognizes Airplay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. It is also compatible with Full HD 1080P and 4K (compressed).

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

200

89 Lux (200 cm Screen width)

Contrast

10000:1
